Dear Wooddale Family,

*Vision '22 seeks to impart the hope of the gospel to 700,000 people here, near and far in the next seven years, and to provide a clear pathway toward spiritual maturity.*

Forums to present and gather comments on Vision '22 are commencing in early June and will continue through the summer.

- A forum is scheduled on the Near of Vision '22 – planting additional multi-site campuses over the next 7 years. This forum will take place at Wooddale's Edina Campus on Sunday, June 7 at 11:30 a.m.
- A forum is scheduled on the Far of Vision '22 – planting new churches in Asia led by indigenous pastors to reach 40,000-60,000 new believers. This forum will take place at Wooddale's Eden Prairie campus on Sunday, June 14 at 11 a.m. in the Chapel.
- Forums will soon be scheduled on the Here of Vision '22 – building renovation and construction on the Eden Prairie campus. These forums will be scheduled for a variety of times through the summer and will seek to gather input assisting in design and function of the Eden Prairie space.

Based upon financial commitments to Vision '22, we will soon know the potential scope of each of these opportunities to reach people with the gospel. With potential scope, the forums will be able to focus on more specific design than with the broader concept presented to date.

Thank you for your continued prayers for Wooddale and for the Ministry Project Team. We seek God's guidance toward His Will for the future of Wooddale Church.

Please see this [Q&A video](#) for further Vision '22 background.

Pat Mazorol

Chair of Vision '22 Ministry Project Team
