Sermon Series: *Revelation*

Scripture: **Daniel 2**

Date: June 2 & 3, 2018

Message: *The Stone That Made
A Mountain Fall*

—[LET'S START]—

As we start this new sermon series on the book of Revelation, share with the group a general summary of what you already know about, "The **revelation** from Jesus Christ, which God gave Him to show His servants what must soon take place." (Revelation 1:1a)

—[LET'S TALK]—

1. We are studying the book of Revelation, which is in the New Testament. Why does the sermon series begin with a story in the Old Testament book of Daniel?
2. Have one person read Daniel's interpretation of King Nebuchadnezzar's dream from Daniel 2:31-45. For Daniel and the king, these prophetic words were about kingdoms and events that were yet to come. We now know what they were. But re-read verses 44 – 45. Talk about the difference between governments/kingdoms that come and go, and the one that will endure forever. What is the symbolism of the "rock" that breaks the statue (which represents all those fallen kingdoms)?
3. Revelation makes it clear that humanity and God are on a collision course and that no human form of government works. Economy is the foundation for many forms of government. Why are economic issues so significant for humanity? Why do they sometimes make for an impermanent and delicate foundation?
